

BEFORE
THE PUBLIC SERVICE COMMISSION OF
SOUTH CAROLINA
DOCKET NO. 98-444-C - ORDER NO. 1999-127
FEBRUARY 17, 1999

IN RE: Application of Global Telesys Corporation for) ORDER ✓
a Certificate of Public Convenience and) GRANTING
Necessity to Provide Intrastate) APPLICATION
Telecommunications Services and for)
Alternative Regulation.)

This matter comes before the Public Service Commission of South Carolina (the "Commission") by way of the Application of Global Telesys Corporation ("GTC" or the "Company") requesting a Certificate of Public Convenience and Necessity authorizing it to operate as a reseller of telecommunications services within the State of South Carolina. By its Application, GTC also requested alternative regulation of its business services offerings identical to that granted to AT&T Communications in Order Nos. 95-1734 and 96-55 in Docket No. 95-661-C.

The Commission's Executive Director instructed GTC to publish, one time, a prepared Notice of Filing in newspapers of general circulation in the affected areas. The purpose of the Notice of Filing was to inform interested parties of GTC's Application and of the manner and time in which to file the appropriate pleadings for participation in the proceeding. GTC complied with this instruction and provided the Commission with proof of publication of the Notice of Filing. No Petitions to Intervene or Protests were filed.

A hearing was convened on January 27, 1999, at 11:00 a.m. in the Commission's Hearing Room at 101 Executive Center Drive, Columbia, South Carolina. The Honorable William Saunders, Vice Chairman, presided. GTC was represented by Bonnie D. Shealy, Esquire. Florence P. Belser, Staff Counsel, represented the Commission Staff.

Michael Rahtjen, General Manager of GTC, appeared and testified in support of the Application. The record reveals that GTC is a Delaware corporation which is registered to conduct business in South Carolina as a foreign corporation. According to Mr. Rahtjen, GTC is a reseller of interexchange telecommunications services currently authorized to provide interexchange telecommunications services in California, Kentucky, Massachusetts, New Jersey, New York, Ohio, Rhode Island, Texas, Virginia, and Florida. GTC proposes to offer outbound switched, inbound switched, calling card services, and directory assistance. Mr. Rahtjen explained the Company's request for authority and the record reveals the Company's services, operations, and marketing procedures.

Mr. Rahtjen also discussed GTC's technical, financial, and managerial resources to provide the services for which it seeks authority to provide. Finally, Mr. Rahtjen testified that GTC will operate in accordance with Commission rules, regulations, guidelines, and Commission Orders.

Mr. Rahtjen also offered that approval of GTC's application would serve the public interest by expanding the availability of telecommunications services to more members of the public at more competitive prices by improving the competitive environment.

Mr. Rahtjen also admitted that GTC has a small customer base in South Carolina and has completed some intrastate traffic prior to receiving certification from the Commission. Mr. Rahtjen estimated that GTC's customer base in South Carolina is less than ten (10) customers and estimated the revenue collected from completed intrastate calls to be less than \$300. Counsel requested that the Commission waive any requirement for refunds in this matter.

After full consideration of the applicable law, the Company's Application, and the evidence presented at the hearing, the Commission hereby issues its findings of fact and conclusions of law:

FINDINGS OF FACT

1. GTC is organized as a corporation under the laws of the State of Delaware and is authorized to do business as a foreign corporation in the State of South Carolina by the Secretary of State.
2. GTC operates as a non-facilities based reseller of interexchange services and wishes to provide its services in South Carolina.
3. GTC has the experience, capability, and financial resources to provide the services as described in its Application.

CONCLUSIONS OF LAW

1. Based on the above findings of fact, the Commission determines that a Certificate of Public Convenience and Necessity should be granted to GTC to provide intrastate interLATA service and to originate and terminate toll traffic within the same LATA, as set forth herein, through its own facilities and through the resale of intrastate

Wide Area Telecommunications Services (WATS), Message Telecommunications Service (MTS), Foreign Exchange Service, Private Line Service, or any other services authorized for resale by tariffs of carriers approved by the Commission.

2. The Commission adopts a rate design for GTC for its resale of residential services which includes only maximum rate levels for each tariff charge. A rate structure incorporating maximum rate levels with the flexibility for adjustment below the maximum rate levels has been previously adopted by the Commission. In Re: Application of GTE Sprint Communications Corporation, etc., Order No. 84-622, issued in Docket No. 84-10-C (August 2, 1984).

3. GTC shall not adjust its residential rates below the approved maximum level without notice to the Commission and to the public. GTC shall file its proposed rate changes, publish its notice of such changes, and file affidavits of publication with the Commission two weeks prior to the effective date of the changes. However, the public notice requirement is waived, and therefore not required, for reductions below the maximum cap in instances which do not affect the general body of subscribers or do not constitute a general rate reduction. In Re: Application of GTE Sprint Communications, etc., Order No. 93-638, issued in Docket No. 84-10-C (July 16, 1993). Any proposed increase in the maximum rate level for residential services reflected in the tariff which would be applicable to the general body of the Company's subscribers shall constitute a general ratemaking proceeding and will be treated in accordance with the notice and hearing provisions of S.C. Code Ann. §58-9-540 (Supp. 1997).

4. With respect to GTC's business service offerings including credit card services, operator services, and customer network offerings, the Commission adopts a relaxed regulatory scheme identical to that granted to AT&T Communications in Order Nos. 95-1734 and 96-55 in Docket No. 95-661-C. Under this relaxed regulatory scheme, tariff filings for business services shall be presumed valid upon filing. The Commission will have seven (7) days in which to institute an investigation of any tariff filing. If the Commission institutes an investigation of a particular tariff filing within the seven days, the tariff filing will then be suspended until further Order of the Commission. Any relaxation in the future reporting requirements that may be adopted for AT&T shall apply to GTC also.

5. If it has not already done so by the date of issuance of this Order, GTC shall file its revised tariff and an accompanying price list within thirty (30) days of receipt of this Order. The revised tariff shall be consistent with the findings of this Order and shall be consistent with the Commission's Rules and Regulations.

6. GTC is subject to access charges pursuant to Commission Order No. 86-584, in which the Commission determined that for access purposes resellers and facilities-based interexchange carriers should be treated similarly.

7. With regard to the Company's resale of service, an end-user should be able to access another interexchange carrier or operator service provider if the end-user so desires.

8. GTC shall resell the services of only those interexchange carriers or LECs authorized to do business in South Carolina by this Commission. If GTC changes underlying carriers, it shall notify the Commission in writing.

9. With regard to the origination and termination of toll calls within the same LATA, GTC shall comply with the terms of Order No. 93-462, Order Approving Stipulation and Agreement, in Docket Nos. 92-182-C, 92-183-C, and 92-200-C (June 3, 1993).

10. GTC shall file surveillance reports on a calendar or fiscal year basis with the Commission as required by Order No. 88-178 in Docket No. 87-483-C. The proper form for these reports is indicated on Attachment A.

11. As a condition of offering debit card services, the Commission requires the Company to post with the Commission a bond in the form of a Certificate of Deposit worth \$5,000 drawn in the name of the Public Service Commission of South Carolina or a surety bond in the amount of \$5,000 which is payable to the Commission. The Certificate of Deposit shall be drawn on federal or state chartered banks or savings and loan associations which maintain an office in this state and whose accounts are insured by either the FDIC or the Federal Savings and Loan Insurance Corporation. A surety bond shall be issued by a duly licensed bonding or insurance company authorized to do business in South Carolina. This condition may be reviewed in one year.

12. If the Company sells its debit cards to retail establishments for resale of the debit cards, and the retailer of the debit cards deviates from the suggested retail price as filed in the tariff, or as approved by the Commission in a special promotion, then the

Company will withdraw its cards from that retail outlet. This Commission strongly suggests that the Company enter into written agreements with its South Carolina retail outlets regarding this policy of abiding by suggested retail pricing prior to the outlet marketing the card.

13. The Company shall, in compliance with Commission regulations, designate and maintain an authorized utility representative who is prepared to discuss, on a regulatory level, customer relations (complaint) matters, engineering operations, tests and repairs. In addition, the Company shall provide to the Commission in writing the name of the authorized representative to be contacted in connection with general management duties as well as emergencies which occur during non-office hours. GTC shall file the names, addresses and telephone numbers of these representatives with the Commission within thirty (30) days of receipt of this Order. Attachment B shall be utilized for the provision of this information to the Commission. Further, the Company shall promptly notify the Commission in writing if the representatives are replaced.

14. The Company is directed to comply with all Rules and Regulations of the Commission, unless a regulation is specifically waived by the Commission.

15. The Commission grants the Motion of GTC for waiver of refunds of revenues collected for completed intrastate calls prior to GTC receiving certification to operate as a reseller within the State of South Carolina.

16. This Order shall remain in full force and effect until further Order of the Commission.
